Step Three: On receiving an instruction from you to proceed with an order, we require a paid deposit & the process begins.

A detailed **ARC / Manufacturing Drawing** is provided for you to approve / amend, normally within 4-5 working days, prior to final sign-off – **(Shown Right)**

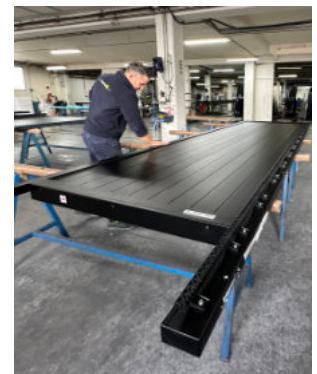

Step Four: Once approved, your order is sent immediately through to production. Our average lead time from this point is **7-10 weeks** dependant on model / colour finish of the order.

Certified

The production process:

- ✓ Individually made with **heavy-duty framework**, all products follow a factory-tested QC process and are UKCA / CE marked.
- ✓ **Fully reinforced** positions as standard, for fixing automation equipment to the Gate/s, allowing for continuous use, without issues in all types of weather conditions.
- ✓ **Engineered to be dismantled** to replace any sections accidentally damaged, rather than replacing with a new gate.
- ✓ All products are manufactured from “**Qualimarine**” grade aluminium, the highest European standard of material available for external conditions (**no other standard is equal**).
- ✓ All products are finished and protected with the “**Qualicoat-2**” process, the highest European standard for the coating of aluminium in external conditions (**no other standard is equal**).
- ✓ **Expertly packaged** using timber corner protectors, with outer edge foam protection and fully heat-sealed using double-ply cardboard & heavy-duty polythene, prior to delivery.
- ✓ Confidence in a **world-class product**, now sold in over 30 countries.

Step Five: Following a paid balance of the order, we then arrange a timed delivery to your works address or straight to site if this is preferred.
