ALUMINIUM GATE COLLECTION

“One Gate for Life”

PORTALIERS®

in agreement with **horizAL**

horizAL - a world-renowned European manufacturer, specialising in Aluminium Gates of outstanding quality, entrusts the sale and installation of their products through the only Professional Aluminium Gate Network in the UK, known as *"the Portaliers"*.

Specialists in Aluminium Gates, approved and regulated within the UK Gate Industry, *"the Portaliers"* have the training and experience that guarantee the high-level of professionalism that any buyer of aluminium gates is entitled to..... *"It's their profession!"*

WHY BUY **horizAL** ALUMINIUM GATES??

- A vast range of innovative designs, with many personalised solutions.
- Individually made, with heavy-duty framework, all products are factory-tested and CE marked.
- Reinforced for fixing automation equipment, for robust operations in all weather conditions.
- Designed to be dismantled to replace any sections accidentally damaged, rather than replacing with a new gate.
- All products are manufactured from "Qualimarine" grade aluminium, the highest European standard.
- All products are finished and protected with the "Qualicoat" process, the highest European standard for the coating of aluminium in external conditions.
- Guaranteed against UV discolouration.
- Confidence in a "world-class" product, now sold in over 30 countries.

"THE PORTALIERS" COMMIT -

- To expertly guide you in your choice of design.
- To advise you on the best possible technical solutions to suit your personal needs.
- To preparing a clear and detailed quotation.
- To complete your installation to the highest possible standard, leaving everything clean and tidy.
- To comply with current safety regulations (if automated).
- To efficiently provide a professional after-sales service, regarding your gates and the maintenance required.

To follow the whole sales, manufacturing processes and to give you a real insight into the quality brand of aluminium gates that will enhance your property, please either scan the QR code below to watch the video, or go to:-

www.horizal.co.uk, click on the 'ABOUT US' tab and you will find the video in the 'Who are we?' section.

"One Gate for Life - Quality isn't expensive, it's priceless!"

1ST NATIONAL NETWORK OF GATE INSTALLERS IN THE UK

THE ALUMINIUM RANGE SUMMARY

CONTEMPORARY

Simple and classic aluminium gates, fully boarded or with open bars. Several top rail styles and various types of bars and boards.

PAGE 4-7

REVELATION

Aluminium gates with a large range of customisation. A modern range with a large choice of different materials. Hundreds of variants.

PAGE 12

TRADITIONAL

Wrought iron style aluminium gates. Large choice of decorations and a large number of models.

PAGE 8

LAZER

Aluminium gates with laser cut patterns on lacquered aluminium sheet. More than 10 designs and 40 variants of gates.

PAGE 13

ANODISED

Solid aluminium gates with pattern in anodised boards. Create your own style.

PAGE 9

LAZERGLASS

Aluminium gates with glass panels in various designs and positions within the gates.

PAGE 14

AKORDIA

Aluminium gates with aluminium inserts, stainless steel and acrylic glass integration.

PAGE 10

NIGHT & DAY®

Aluminium gates with integrated LED lighting system controlled by smartphone. Several options and variations for infinite lighting.

PAGE 15

STAINLESS

Aluminium gates with brushed stainless steel inserts. Several options to choose from and several design variants.

PAGE 11

CONFIDENCE

Aluminium gates with perforated inserts and a choice of decorations: circles, squares or diamonds.

PAGE 16

CONTEMPORARY

WOODGRAIN *Collection*

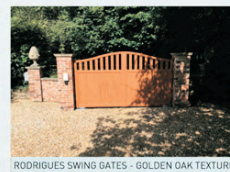

With privacy being an important factor for many of our customers, our close-boarded "Contemporary" collection, available in a range of designs and finishes, is an ideal choice for many, with every gate within this brochure being virtually maintenance-free.

CONTEMPORARY

WOODGRAIN *Collection*

With a little less privacy in mind, this stylish "part-open" collection is very popular, allowing views into your property as well as out to the road. We offer all of these in the same woodgrain effects and can create matching fences and side gates also.

WHAT IS ANODISATION?

Anodising is a surface treatment that brings an aesthetic benefit by highlighting the metal aspect of aluminium. Our anodising is certified by the quality label QUALANOD which guarantees in particular the density of the anodising layer and the resistance to corrosion. The warranty period is identical to that of our woodgrain finish.

AKORDIA

AKORDIA Collection

This unique and stylish collection is available with standard 125mm boards and optional 250mm boards, a number of models with variation of opaque glass, brushed stainless steel or mirrored stainless steel inserts to give a personalised feel to your gates.

The AKORDIA range of gates are available as swing and sliding gates, with options for standard 125mm boards or larger 250mm boards. The decorative inserts are double sided as standard but a simplified single sided version is also available.

STAINLESS

STAINLESS *Collection*

This range of gates with a modern style is characterised by the use of brushed stainless steel inserts, fixed on both sides of the gate (inside and out). The modern, stylish design of these gates are offered in several different variants and a wide range of colours.

REVELATION

REVELATION *Collection*

This collection offers many different options in order to create your own individual design. With bar, mesh and glass infills in a wide choice of colours, you can "mix and match" so many different components to create your perfect gate.

LAZER

LAZER Collection

The LAZER range offers a series of multiple styles specifically designed for the collection and created by the laser cutting of aluminium sheets. Most patterns are available in 2 formats, vertical or horizontal, and can be integrated with 4 gate models (MUZE, IZIS, MEZZO and OZ) to create a set of 30 variations available in hinged or sliding versions. A collection that combines design and originality.
